1. Purpose

The purpose of this Policy is to regulate the management, operation and use of the closed circuit television (CCTV) system at Kingston Maurward College, hereafter referred to as 'the College'.

The system comprises a number of fixed and dome cameras located around the main College campus. All cameras are monitored from controlled Monitoring stations and are only accessible by selected staff on the Administrative Network (see Appendix 2 for map).

This Policy follows Data Protection Act guidelines and the CCTV Code of Practice document issued by the Information Commissioner's Office (ICO), (see page 10 of the Code of Practice).

The CCTV system is owned by the College.

2. Objectives of the CCTV system

- To protect the College buildings and their assets
- To increase personal safety and reduce the fear of crime
- To support the Police in a bid to deter and detect crime
- To assist in identifying, apprehending and prosecuting offenders
- To protect members of the public and private property
- To assist in managing the College security

3. Forms Relating to this Policy

Form Description

CCTV Log of Viewings / Recordings	CCTV Log

These forms can be obtained from the KM Systems on Moodle.

4. Statement of Intent

The College's CCTV System will be registered with the Information Commissioner under the terms of the Data Protection Act 2018 and will seek to comply with the requirements both of the Data Protection Act and the Commissioner's Code of Practice.

The College will treat the system and all information, documents and recordings obtained and used as data which is protected by the Act.

Cameras will be used to monitor activities within the College and its car parks and other public areas to identify criminal activity actually occurring, anticipated, or perceived, and for the purpose of securing the safety and well-being of the College, Staff, Students and Visitors.

No static cameras are focussed on private homes, gardens and other areas of private property. CCTV cameras are not, and will not, be used for the monitoring of teaching and learning.

Unless an immediate response to events is required, staff managing the system must not direct cameras at an individual, their property or a specific group of individuals, without an authorisation being obtained using the College's forms for Directed Surveillance to take place, as set out in the Regulation of Investigatory Power Act 2000.

Materials or knowledge secured as a result of CCTV will not be used for any commercial purpose. Recorded images will only be released to the media for use in the investigation of a specific crime and with the written authority of the police. Recorded images will never be released to the media for purposes of entertainment.

The planning and design has endeavoured to ensure that the system will give maximum effectiveness and efficiency but it is not possible to guarantee that the system will cover or detect all incidents taking place in the areas of coverage.

Warning signs, as required by the Code of Practice of the Information Commissioner, have been placed at all access routes to areas covered by the College CCTV system.

5. Operation of the System

The System will be administered and managed by the Premises and Estates Manager in accordance with the principles and objectives of this Policy.

Responsibility for the day-to-day monitoring of the system and the responsibility for the management and maintenance of the system lies with the Premises and Estates Manager. The designated person can authorise others with the permission of the Principal to act as a deputy.

The CCTV system will be operated 24 hours each day, every day of the year.

Images are retained for a maximum of 30 days, once the 30th day has been reached the recordings are overwritten. [ICO website says organisations should have a retention policy. They should only keep the images for as long as necessary to meet the purpose of recording them.]

6. Control Room (Recording Room)

The Premises and Estates Manager will check and confirm the efficiency of the system daily and in particular that the equipment is properly recording and that cameras are functional.

Unless an immediate response to events is required, staff in the CCTV monitoring rooms must not direct cameras at an individual or a specific group of individuals.

Access to the recording room will be strictly limited to the Premises and Estates Manager (SMT, IT Support, Deputies) when in use.

When in operation the control room will be cleared of all unauthorised staff.

At all times when the Control Rooms are not staffed the room must be kept secured.

7. Monitoring Rooms (Image Viewing Rooms)

Monitoring rooms are designated as room where live CCTV images can be monitored and management of the system can be performed. This includes the download of images to evidence CD's and printing of copies.

The following is a list of the primary Monitoring Rooms:

- Estates Office (All areas)
- Warden's Office (Residential Accommodation)

All monitoring staff in each of these areas but not exclusively restricted to these areas, must comply with the following procedures:

- All monitoring staff must read and understand the College's CCTV Policy and ICO Code of Practice and subsequent updates.
- All monitoring staff must sign the "Monitoring Staff Declaration Form" to indicate they have read the Policy and agree to abide by the policies and procedures set out for the CCTV systems use. Form Reference: MSD.
- All monitoring staff will adhere to the Data Protection Act 2018 and the Regulation of Investigatory Power Act 2000. Copies of these acts can be found on the ICO website at <http://www.ico.gov.uk>
- All monitoring staff must ensure that all CCTV images are kept private and not on general view within their Monitoring Rooms.

8. Monitoring & Digital Recording Evidence Procedures

Where images are required for evidential purposes in legal or College disciplinary proceedings, a CD or print out is made and identified by a unique evidence reference number. The evidence will be placed in a sealed envelope signed and dated by the CCTV controller and either stored in a separate secured safe where it

should remain until collected by the Police or physically handed to the authorised Police officer.

Recorded images may be viewed by the Police for the prevention and detection of crime.

The authorised Police Officer must have completed the following:

- Completed a College Evidence Release form. Form Reference: CEAR.
- Produce an authorisation letter from his/her superior. (This should be copied and retained with the College Evidence Release form – CEAR).

A CCTV log will be maintained of the viewing of Recorded images by the police and the release of Recorded images to the Police or other authorised applicants.

Requests by the Police can only be actioned under section 29 of the Data Protection Act 2018. Recorded images will only be released to the Police on the clear understanding that the CD or Printed copy remains the property of the College.

The College also retains the right to refuse permission for the Police to pass to any other person the CD or Printed copy or any part of the information contained thereon. On occasions when a Court requires the release of a CD or Printed copy this will be produced from the secure evidence previously taken.

The Police may require the College to retain the stored recorded images for possible use as evidence in the future. Such recorded images will be properly indexed and securely stored until they are needed by the Police.

Applications received from outside bodies (e.g. solicitors) to view or release Recorded images will be referred to The Principal. Recorded images will only be released where satisfactory documentary evidence is produced showing that they are required for legal proceedings, a subject access request, or in response to a Court Order.

A fee of £10 may be charged for subject access requests and a sum not exceeding the cost of materials in other cases.

9. Breaches of the Policy (including breaches of security)

Any breach of the Policy including the ICO Code of Practice by College staff will be investigated by a member of the Senior Management Team.

Any serious breach of the Policy including the ICO Code of Practice will be immediately investigated and an independent investigation carried out to make recommendations on how to remedy the breach.

10. Complaints

Any complaints about the College's CCTV system should be addressed to the College Complaints Officer who will then liaise with the Deputy Principal (Finance & Corporate Services).

Complaints will be investigated and issues arising from the investigation will be addressed accordingly and the relevant remedial action taken.

11. Access by the Data Subject

The Data Protection Act provides Data Subjects (individuals to whom "personal data" relate) with a right to data held about themselves, including that obtained by CCTV.

Requests for Data Subject Access should be made on the application form available from the IT Services or Estates department. Form Reference: DSAR.

12. Public information

Copies of this Policy including the ICO Code of Practice will be available to the public from the College website.
