## Who should know about this policy?

All students, parents & carers, employers, staff, and governors of the College should be aware of this policy; it will be published both internally, and externally on the website

## Cyber Attacks

The College holds 'Cyber Essentials' certification, the government backed scheme which helps protect organisations against a range of the most common cyber-attacks.

Dedicated support is available via our JISC partnership and the Janet Network computer security incident response team (CSIRT) and the College is aware of its responsibilities to report any attempted threats to our network to NCSC (<https://report.ncsc.gov.uk/>), the police and the DfE ([sector.securityenquiries@education.gov.uk](mailto:sector.securityenquiries@education.gov.uk)).

All IT systems are enhanced in order to protect them from cyber-attacks, with regular backups taken across all key systems, and ESET Endpoint Antivirus software deployed across all College laptops and PCs.

## **KINGSTON MAURWARD SYSTEMS**

The College has defined, comprehensive disaster recovery plans with key roles and responsibilities defined in the event of any major event or disruption to the educational and commercial aspects of the College.

The Senior Management Team will direct staff and resources to respond to events to ensure that its core functions are able to continue and any disruption is minimised.

### **COVID 19**

In the event of a national or local lockdown, or the need for staff to self-isolate following a positive test or contact with a suspected case, the College has ensured that all key members of staff have shared knowledge and good practice to minimise the key risk of a single point of failure.

Heads of Department, together with the Head of Centre, Senior Management Team and Examinations Department, are working closely with all teachers responsible for awarding grades to ensure that knowledge is shared consistently, repeatedly and widely across their teaching peers in line with updated guidance from Ofqual, JCQ and / or Awarding Bodies.

All staff have the ability to work remotely, accessing key data securely and safely without loss of continuation of service.

## **2. Training, Support and Guidance**

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### **Training**

This section provides details of the approach our centre will take to training, support and guidance in determining teacher-assessed grades this year.

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students; they will be provided with regular Awarding Body qualification information updates by the Examination Department, the Head of Centre and their Head of Department
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations

## KINGSTON MAURWARD SYSTEMS

### **Support for newly appointed teachers and Course Managers less familiar with assessment**

The College will

- provide guidance, mentoring and support from experienced teachers to new appointed teachers and Course Managers less familiar with assessment
- The Head of Department will put in place additional internal reviews of teacher assessed grades for all teachers as appropriate

### **3. Use of Appropriate Evidence**

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers* and / or in accordance with instructions from the Awarding Organisations responsible for the student qualifications.

- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals
- We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers
- We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes
- We will use substantial class or homework (including work that took place during remote learning)
- We will use internal tests taken by students
- We will use mock exams and / or assessments taken over the course of study
- We will use records of a student's capability and performance over the course of study in vocational-based subjects

### **4. Additional Assessment Materials**

- We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed
- We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence
- We will use additional assessment materials to support consistency of judgement between teachers or course groups by giving everyone the same task to complete where possible
- We will combine and/or remove elements of questions where for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught

## **KINGSTON MAURWARD SYSTEMS**

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the college
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed
- We will consider the specification and assessment objective coverage of the assessment
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments

### **5. Determining teacher assessed grades**

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

#### **Awarding teacher assessed grades based on evidence**

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias
- Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared

### **6. Internal Quality Assurance**

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

#### **Head of Centre Internal Quality Assurance and Declaration**

This section gives details of our approach to internal standardisation, within and across subject departments.

- All departments will be required to attend an Examination Board w/c 07/06/2021 where the Heads of Department accompanied by their Course Managers and / or teaching staff, will be required to present an overview of their evidence and student grades awarded per Programme of Study / cohort

The Examination Board will be chaired by the Deputy Principal, the Examination Officer and Quality Co-ordinator also be in attendance; formal notes of each meeting will be retained in preparation for external quality assurance as necessary

- We will ensure that all teachers involved in deriving teacher-assessed grades read and understand this Centre Policy document

## KINGSTON MAURWARD SYSTEMS

- In subjects where there is more than one teacher and/or cohort in the department, we will ensure that our centre carries out an internal standardisation process
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
  - Arriving at teacher assessed grades
  - Marking of evidence
  - Reaching a holistic grading decision
  - Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s)
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s)
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre; this will be completed by the Head of Department
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation

### **Comparison of teacher assessed grades to results for previous cohorts**

This section of our Centre Policy outlines the approach we will take to compare our teacher-assessed grades in 2021 with results from previous cohorts.

- Where appropriate and relevant to the Awarding Body and their qualification, we will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019)
- We will consider the size of our cohort from year to year
- We will consider the stability of our centre's overall grade outcomes from year to year
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process
- The narrative will also be available for wider discussion with The Corporation (Governing Body) at the College's Quality & Standards Committee SAR Validation meeting

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

## KINGSTON MAURWARD SYSTEMS

- For GCSE qualifications (English & maths), we will compile historical data giving appropriate regard to previous cohort's 9-1 grades in GCSEs
- For Technical and Vocational qualifications, we will compile historical data giving appropriate regard to previous Programme of Study cohort's grading's, together other data sources that will help to quality assure the grades we intend to award in 2021 and in line with current recommendations from the Awarding Organisation

We will omit subjects that we no longer offer from the historical data.

### 7. Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

### 8. Addressing Disruption / Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student

### 9. Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

- All College staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.
- Senior Leaders, Heads of Department and Centre will consider:
  - sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
  - how to minimise bias in questions and marking and hidden forms of bias); and
  - bias in teacher assessed grades
- To ensure objectivity, all staff involved in determining teacher-assessed grades will be made aware that:

## **KINGSTON MAURWARD SYSTEMS**

- unconscious bias can skew judgements;
  - the evidence presented should be valued for its own merit as an indication of performance and attainment;
  - teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
  - unconscious bias is more likely to occur when quick opinions are formed
- Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

### **10. Recording decisions and retention of evidence and data**

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

- We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions
- We will comply with our obligations regarding data protection legislation
- We will ensure that the grades accurately reflect the evidence submitted
- We will ensure that evidence is retained electronically, or on paper, in a secure centre-based system that can be readily shared with our awarding organisation(s)

### **11. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic
- We will follow all guidance provided by awarding organisations to support these determinations of authenticity

### **12. Confidentiality, Malpractice and Conflicts of Interest**

#### **Confidentiality**

- This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based
- All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades

## KINGSTON MAURWARD SYSTEMS

  - failure to keep appropriate records of decisions made and teacher assessed grades
- The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.

### Conflict of Interest

- This section of our Centre Policy outlines the measures in place to address potential conflicts of interest
- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - General Regulations for Approved Centres, 1 September 2020 to 31 August 2021
