4. PERSONAL DATA PROTECTION PRINCIPLES

- 4.1. The College adheres to the principles relating to Processing of Personal Data set out in the GDPR which require Personal Data to be:

- 4.1.1. Processed lawfully, fairly and in a transparent manner (Lawfulness, Fairness and Transparency).
- 4.1.2. Collected only for specified, explicit and legitimate purposes (Purpose Limitation).
- 4.1.3. Adequate, relevant and limited to what is necessary in relation to the purposes for which it is Processed (Data Minimisation).
- 4.1.4. Accurate and where necessary kept up to date (Accuracy).
- 4.1.5. Not kept in a form which permits identification of Data Subjects for longer than is necessary for the purposes for which the data is Processed (Storage Limitation).
- 4.1.6. Processed in a manner that ensures its security using appropriate technical and organisational measures to protect against unauthorised or unlawful Processing and against accidental loss, destruction or damage (Security, Integrity and Confidentiality).
- 4.1.7. Not transferred to another country without appropriate safeguards being in place (Transfer Limitation).
- 4.1.8. Made available to Data Subjects and Data Subjects allowed to exercise certain rights in relation to their Personal Data (Data Subject's Rights and Requests).

The College is responsible for and must be able to demonstrate compliance with the data protection principles listed above (Accountability).

5. LAWFULNESS, FAIRNESS, TRANSPARENCY

5.1. Lawfulness and fairness

- 5.1.1. Personal data must be Processed lawfully, fairly and in a transparent manner in relation to the Data Subject.
- 5.1.2. College Personnel may only collect, Process and share Personal Data fairly and lawfully and for specified purposes. The GDPR restricts our actions regarding Personal Data to specified lawful purposes. These restrictions are not intended to prevent Processing, but ensure that we Process Personal Data fairly and without adversely affecting the Data Subject.
- 5.1.3. The GDPR allows Processing for specific purposes, some of which are set out below:

- a. the Data Subject has given his or her Consent;
 - b. the Processing is necessary for the performance of a contract with the Data Subject;
 - c. to meet our legal compliance obligations.;
 - d. to protect the Data Subject's vital interests;
 - e. to pursue our legitimate interests for purposes where they are not overridden because the Processing prejudices the interests or fundamental rights and freedoms of Data Subjects. The purposes for which we process Personal Data for legitimate interests need to be set out in applicable Privacy Notices or Fair Processing Notices
- 5.1.4. The College must identify and document the legal ground being relied on for each Processing activity.

5.2. Consent

- 5.2.1. A Data Controller must only process Personal Data on the basis of one or more of the lawful bases set out in the GDPR, which include Consent.
- 5.2.2. A Data Subject consents to Processing of their Personal Data if they indicate agreement clearly either by a statement or positive action to the Processing. Consent requires affirmative action so silence, pre-ticked boxes or inactivity are unlikely to be sufficient. If Consent is given in a document which deals with other matters, then the Consent must be kept separate from those other matters.
- 5.2.3. Data Subjects must be easily able to withdraw Consent to Processing at any time and withdrawal must be promptly honoured. Consent may need to be refreshed if you intend to Process Personal Data for a different and incompatible purpose which was not disclosed when the Data Subject first consented.
- 5.2.4. Unless the College can rely on another legal basis of Processing, Explicit Consent is usually required for Processing Sensitive Personal Data, for Automated Decision-Making and for cross border data transfers. Usually we will be relying on another legal basis (and not require Explicit Consent) to Process most types of Sensitive Data. Where Explicit Consent is required, we must issue a Fair Processing Notice to the Data Subject to capture Explicit Consent.
- 5.2.5. The College will need to evidence Consent captured and keep records of all Consents so that the College can demonstrate compliance with Consent requirements.

5.3. Transparency (notifying data subjects)

- 5.3.1. The GDPR requires Data Controllers to provide detailed, specific information to Data Subjects depending on whether the information

was collected directly from Data Subjects or from elsewhere. Such information must be provided through appropriate Privacy Notices or Fair Processing Notices which must be concise, transparent, intelligible, easily accessible, and in clear and plain language so that a Data Subject can easily understand them.

- 5.3.2. Whenever the College collects Personal Data directly from Data Subjects, including for human resources or employment purposes, we must provide the Data Subject with all the information required by the GDPR including the identity of the Data Controller and DPO, how and why we will use, Process, disclose, protect and retain that Personal Data through a Fair Processing Notice which must be presented when the Data Subject first provides the Personal Data.
- 5.3.3. When Personal Data is collected indirectly (for example, from a third party or publically available source), we must provide the Data Subject with all the information required by the GDPR as soon as possible after collecting/receiving the data. We must also check that the Personal Data was collected by the third party in accordance with the GDPR and on a basis which contemplates our proposed Processing of that Personal Data.
- 5.3.4. If the College changes how it uses Personal Data, the College may need to notify Individuals about the change. If College Personnel intend to change how they use Personal Data they must notify the Data Protection Officer who will decide whether the College Personnel'

9. STORAGE LIMITATION

- 9.1. Personal Data must not be kept in an identifiable form for longer than is necessary for the purposes for which the data is processed.
- 9.2. College Personnel must not keep Personal Data in a form which permits the identification of the Data Subject for longer than needed for the legitimate business purpose or purposes for which we originally collected it including for the purpose of satisfying any legal, accounting or reporting requirements.
- 9.3. The College will maintain retention policies and procedures to ensure Personal Data is deleted after a reasonable time for the purposes for which it was being held, unless a law requires such data to be kept for a minimum time. You must comply with any College guidelines on Data Retention.
- 9.4. College Personnel will take all reasonable steps to destroy or erase from our systems all Personal Data that we no longer require in accordance with all the College's applicable records retention schedules and policies. This includes requiring third parties to delete such data where applicable.
